## A Gift from the Sea

**FrequenSea PRO®** combines nutrition from both land and sea into a convenient and delicious drink. Each serving delivers the world's finest wild microscopic Marine Phytoplankton—considered by experts to be nature's greatest "superfood" for its unmatched cellular nutrition. Marine Phytoplankton is known to contain a full spectrum of amino acids, trace minerals, vitamins, micronutrients, essential fatty acids and antioxidants. FrequenSea PRO also includes prebiotics, aloe vera, astaxanthin, frankincense, ginger and our revolutionary absorption technology known as TransArmor™.

# FREQUENSEA PRO®

## ✓ INGREDIENT HIGHLIGHTS

**Marine Phytoplankton** – Considered by health experts to be a superfood. The Alpha3 CMP technology recreates the spring bloom, producing hundreds of species of marine phytoplankton, and opens the phytoplankton cells making the nutrients bioavailable for the human body. Some benefits of these microscopic organisms documented in medical literature include: Immune system support<sup>1</sup>; immune system cell enhancement<sup>2</sup>; Contributes to building blood cells<sup>3</sup>; Promotes the development of healthy cells<sup>4</sup>.

**Astaxanthin** – One of the most powerful natural antioxidants to support the cells in the body and is 65 times stronger than vitamin C. It also supports the body to protect against radiation and promotes eye, brain and heart health<sup>5</sup>.

**Frankincense** – It may help relieve chronic stress and anxiety. It's been used to assist with pain management and inflammation and to support the immune system to help maintaining healthy cellular function<sup>6</sup>.

**Prebiotics** – Helps reduce inflammation, promotes a healthy colon, and enhances the bioavailability and uptake of minerals<sup>7</sup>.

**Non GMO Açai and Mixed Berry Blend** – Contain antioxidants, fiber and heart-healthy fats<sup>8</sup>.

**Ginger Root** – Contains elements that may reduce inflammation. Researchers believe these may also work in the brain and nervous system<sup>9</sup>.

**Aloe Vera** – Antioxidant and antibacterial properties<sup>10</sup>.

<b>Proprietary Blend:</b> Prebiotic VitaFiber (IMO), Erythritol, Citric Acid Non GMO, Acai and Mixed Berry Blend, Ginger Root, Rose Hips (bud), Stevia Leaf Extract (90%), Rosemary Leaf Powder, Orange Peel Juice Powder, Nutmeg, Beta Cyclodextrin, Frankincense (olibanum), Sea Salt, Iron Bile Salts, Lime Peel Juice Powder, Piperine 4:1 extract.	
* % Daily Values (%DV) are based on a 2,000 calorie diet.	
† Daily Value not established.	

Each single serving features 100mg of the world's finest wild microscopic Marine Phytoplankton. Not only are they the base of the marine food chain, but marine phytoplankton are also thought to be responsible for up to three-quarters of the earth's oxygen.

Among the nutrients found in this superfood are vitamin A, bioavailable proteins, all 22 amino acids, enzymes, vitamin B complex, minerals, trace minerals, fucoxanthin, folic acid, selenium, zinc, potassium, calcium and more.

The patent-pending TransArmor™ nutrient technology, found only in ForeverGreen products, improves or decreases the transit time of nutrients through the digestive system. It prepares the body for increased absorption of these nutrients, as well as the nutrients in your food or other supplements. Brought to you by the brilliant minds of Adam Saucedo, M.D., and Balamurali Ambati, M.D., PhD, MBA.
